About
WHITELAND

THE CIRCLE OF BLISS

The circle represents a world filled with bliss, and the three colours stand for three essential elements – the brown for earth, the blue for water and the green for nature.

Subliminally it also suggests balance – something one needs to lead a fulfilling life. A sharp observer will also notice the letter B enveloped within the circle.

The word bliss is rendered in an elegant, classical serif font, and ville in a modern, stylish sans serif typeface. The idea is to fuse modernity with tradition, progressiveness with dependability, while giving the home a premium, aspirational feel.
